Statement for Sports Premium 2019-2020

What is the Sports Premium?

The government is providing funding of £150 million each year for academic years 2013-2020 to provide new and substantial primary school sport funding. The funding is jointly provided by the Department for Education, Health and Culture and Media and Sport. It will see money going directly to primary school headteachers to spend on improving the quality of sport and P.E; each school will receive £16,000 plus an extra £10 per pupil in years 1 to 6; here at Thames View Juniors that will mean **– £20,280.**

Purpose of the funding

The government funding is ring fenced only to be spent on PE and School Sport. The outcome is to improve teaching and learning in PE and School Sport. Ofsted have strengthened its coverage of sport within the inspectors' handbook and supporting guidance, so that schools and inspectors are clear about how PE and school sport will be assessed in the future as part of the overall provision offered by the school. The revised handbook will ask inspectors to consider: **“How well the school uses its Sports Premium Funding to improve the quality and breadth of its PE and sporting provision, including increasing participation in PE and school sport, so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.”**

How is it spent?

The aim of the funding is to improve the quality and a breadth of our PE and school sport provision and to meet the criteria we have identified a number of key priorities which include:

- Investing in continued professional development for our staff.
- Increasing the competitive opportunities available to all of our children.
- Increasing the number of after school sports clubs available to our children.
- PE subject leader to visit other classes and give demonstration lessons.
- Time for PE subject leader to meet and audit needs/results of input.
- Working in partnership with other schools to share expertise and resources.
- Working in partnership with other organisations/agencies to increase the number of opportunities available to the children and staff.
- Offering new and varied sporting opportunities and experiences for our children and staff.

How will we know it's working?

We will carry out regular reviews on progress and audit and assess our needs. Individual pupils or groups of children who may be targeted for intervention will be assessed at the start of the programme and reviewed as the year progresses. Teaching staff have all been audited, prior to the start of this academic year, in relation to their training needs. At the end of the year a review of those needs and how they have been addressed will be undertaken. At the same time, an audit for future needs will be carried out.

Review of 2018-2019: IMPACT ON SCHOOL SPORT

In 2018 / 2019 Thames View Juniors were able to further lift the profile of School Sport using the funding provided through the School Sports Premium.

Local Competitions:

Children were involved in a number of outside school competitions such as football, athletics, tag rugby, cross country and basketball. The transport to and from these events was covered by the premium meaning all children and staff were able to travel in the safety of a private coach. Local football league fees were covered by the premium funding allowing us to source competitions for our students with no expense to the children involved.

Increase in numbers of school clubs:

With the use of the School Sports Premium TVJS is now able to offer an extensive range of Sports Clubs available to all students. The funding pays for a range of experienced outside coaches from local agencies as well as staff who have passions and expertise in their sport to lead these clubs

The availability of the following clubs has introduced a large number of children – at least 50% of the schools roll to the joy of playing sport. Clubs available at TVJS: Football, Gymnastics, Athletics, Archery, Basketball, Dance, Hockey, Tag Rugby, Tennis and racket sports, , , plus a range of non-sports based clubs.

Classroom impact: The availability of the wide range of sporting opportunities made available from the School Sports Premium funding has a large impact for children in the classroom. At TVJS we believe that children need to receive a balanced education both inside and outside of the classroom. Being able to offer children opportunities to be involved in sport is helps support the well-being of a child which will see results in the classroom improve in time.
