

The Hook:

STEM structure activity-who can build the strongest building

Literacy:

Cathedral by David Mcca ulley

- Biography of an architect
- instructions

Attainment Targets (English)

- Increase their familiarity with a wide range of books.
- Draft and write non-fiction.

D & T:

- Pop-up books using pictures children have taken of their cathedrals and how to build them.

Trips:

- St Paul's and Westminster Abbey
- British Library –pop up books

History:

Cathedrals through time:

- Norman
- Gothic
- St Paul's (Wren)
- Gaudi

Homework:

- Build a model cathedral:
 - Norman
 - Gothic
 - Modern
- Research cathedrals
- Why did cathedrals have stained glass windows?
- Make a flying buttress
- Make a gothic pointed arch
- Make a gargoyle

Art:

- Use clay to create cathedrals
- Make stained glass windows for clay cathedrals using cathedral paint
- Moon sand?

Attainment Targets:

- To improve mastery of art and design techniques: sculpture, clay
 - To learn about great architects of cathedrals

Parent Presentation?

— make a class or year group library of student produced pop-up books and invite the parents in to “meet the authors” with tea and biscuits

Structures: Cathedrals through time
