

This month we welcomed our new Year 3 children to TVJ. They have learnt the school rules and taken part in lots of different lessons and activities we do at TVJ.

September

We took part in 'sporting together', where the children participated in team games, archery and circuits.

We started with an art week, where the children learnt about artist, Mark Rothko. They then created some amazing pieces of art inspired by him.

In the wider curriculum lessons for 'Predator' Year 3 have been studying lots of Science. They have learnt about different animals of prey and created some amazing work for our display.
